Have used UBER in many places. Cabs in SC are spotty. If you want to cut DUI and other problems, it is crazy to ban UBER. You need to join the 21st century.

To the PSC,

Safety is the focus by both parties involved and, as far as I am concerned, South Carolina is notorious for having drunk drivers. There is a lack of taxi's, particularly in my hometown of Charleston, which have increased by a small percentage over the years. With the addition of Uber to the community, you are creating a safe, more cost-effective environment for the consumer and driver. It's a win-win for all parties involved. Please re-think you cease and desist operations and support Uber in South Carolina. I look forward to reading in the news that you have decided to join forces in the battle against drunk driving.

Thank you,
Melissa

Subject: Uber Services

As a South Carolinian, I support UBER services. They stand for safety of South Carolinians, responsibility, boost of the local economy by providing jobs for South Carolinians and convenience. I have used their services multiple times to get me home safe. They promote not safety for all South Carolinians on the roadways. Please reconsider the law that prohibits Uber Services.
